(a) Commitments for hospitalization are reported in the month that payment is made. In many cases the payment is for several months care.

(b) The average represents the size of the average payment made this month. It does not represent the average cost for one month's care.

(a) Commitments for hospitalization are reported in the month that payment is made. In many cases the payment is for several months care.

(b) The average represents the size of the average payment made this month. It does not represent the average cost for one month's care.

(a) Commitments for hospitalization are reported in the month that payment is made. In many cases the payment is for several months care.

(b) The average represents the size of the average payment made this month. It does not represent the average cost for one month's care.
